RULES FOR SUBMITTING LANREMT AWARDS

- 1) **INTENT:** LANREMT awards are designed to recognize individuals who have **significantly contributed** to local, state, and national provisions, development, and/or improvement of pre-hospital care delivery, educational and personal. These awards reflect both past and present contributions. The Nomination package is designed to yield a “wide picture” of the nominee’s experience in EMS. Not all nominees will have experience or contributions in every category. This will not necessarily have a negative impact on their ability to receive a given award. The nomination package is simply being used to gather enough information so that each nomination can be objectively rated.
- 2) **SIZE:** To allow for easy analysis, all nominations must be completed using the official LANREMT Nomination Package located on the LANREMT webpage. Supplemental information such as support letters or copies of newspaper articles must be submitted on 8½" X 11" paper and uploaded to the awards packet.
- 3) **DEADLINE:** The deadline for entries is **MAY 15, 2025**. Entries postmarked after this date will not be accepted.
- 4) **JUDGING:** The Awards Committee will objectively score nominations. The Awards Committee is selected by the board of LANREMT.
 - A) Unsuccessful nominations previously submitted must be completely updated before being resubmitted. Care must be taken to ensure that letters of support refer to the award for which the person is being nominated.
 - B) People preparing nominations are advised that, although not strictly required, supporting documentation and a complete application are virtual requirements for a successful nomination. Submitting only the face sheet or a single page document in support of a nomination rarely results in a favorable outcome.
